**Materials:** All parts and materials come with a full warranty and will never be excessively marked up above cost price. Our mark up Starts from only 3% above cost. This is to cover sourcing, travelling, paperwork and storage of spare parts and materials.

**Invoices:** An invoice will always be produced on completion of our works clearly showing our customer the breakdown of materials and labour charges and will always be filled out in full. They also come with our company terms and conditions in full printed on the reverse Of your invoice.

Payment is to be made to the engineer in full on completion of the work and to the satisfaction of our customers.

**Estimates/Surveys:** Estimates and onsite surveys are free of charge and carried out to the customers convenience within our companies Timeframe structure.
